Financial information consulting at Independence Incorporated

A stronger
financial future
waits for you.

At Independence Incorporated, we know that your financial well-being is as important as your physical and emotional health.

Financial worries can impede progress, and financial benefits can aid your forward momentum.

The Independence Incorporated Financial Information Consulting difference?

- We charge set fees for specific services, not percentages. You will keep more of the benefits you are entitled to.
- If you are entitled to services available through a charitable organization, we will let you know.
